Effective Date: 1 July 2009 (measuring the 2008-2009 program outcomes)

1. BACKGROUND

1.1 Minimum School Program funds are allocated to school districts by the School Finance and Statistics Section of the Utah State Office of Education (SOE). Compliance requirements related to the Minimum School Program funds allocated to school districts are addressed in section SOE-1 of this *Compliance Audit Guide*. The Minimum School Program allocations are based on formulas provided by the Minimum School Program Finance Act and State Board of Education Rule.

1.2 Federal Adult Education Family Literacy Act (AEFLA) funds are awarded to districts and non-profit community-based organizations as result of a state competition. Disbursements of funds are reimbursed to the program upon receipt of a reimbursement request matching approved grant budget amounts.

1.3 To ensure accuracy in the data supplied by the districts and community-based organizations, the USOE requires all districts/community-based organizations to contract with an independent accountant to perform certain agreed-upon procedures. The procedures to be performed, as determined by the USOE, are described in this section of the *Compliance Audit Guide*. The contract between the district/community-based organizations and the independent accountant should clearly identify the agreed-upon procedures to be performed and those procedures should be consistent with the guidance in this section of the *Compliance Audit Guide*.

1.4 The procedures performed and reports issued by the independent accountant should also meet the attestation engagements established by the American Institute of Certified Public Accountants (AICPA) and the standards applicable to attestation engagements contained in *Government Auditing Standards* (July 2007 revision), issued by the Comptroller General of the United States. The relationship of these standards is described in paragraph 1.15(a) of *Government Auditing Standards*:

“For attestation engagements, GAGAS [generally accepted government auditing standards] incorporate the AICPA general standard on criteria, and the field work and reporting standards

and the related Statements on Standards for Attestation Engagements (SSAE) unless specifically excluded or modified by GAGAS. GAGAS describe ethical principles, and establish independence and other general standards, and additional field work and reporting standards beyond those provided by the AICPA for performing financial audits and attestation engagements.”

Chapters 1 through 3 and 6 of *Government Auditing Standards* apply to attestation engagements.

1.5 Note: access to the program’s adult education database (UTopia – Utah Online Performance Information for Adult Education) will require the adult education program director and the UTopia Administrator to be present during the program audit, as the system is password protected.

2. OBJECTIVES

2.1 To ensure that information found in the student files maintained by the adult education program agrees/supports student data maintained in UTopia (*finalized by the districts/community-based organizations by July 15*).

2.2 To ensure that the district/community-based organization’s records for Adult Education meet the requirements of Rule R277-733, *Adult Education Program* and the *Policies and Procedures Guide for the Adult Education Program*.

3. AGREED-UPON PROCEDURES TO BE PERFORMED BY THE INDEPENDENT ACCOUNTANT

3.1 Agreed-upon procedures should be performed after the close of the school year. The independent accountant’s agreed-upon procedures report and the related Adult Education Summary are due to the USOE – Adult Education Services no later than September 15 for the school year ended June 30. These reports will be used in the determination of funding for the second following fiscal year. (For example, the audit of FY 07-08 data will determine FY 09-10 funding.)

3.2 Select students (enrollees and participants) in the UTopia database:

- student (instructional and non-instructional) contact hours (validated by UTopia generated Student Total Contact Hour Details report),
- diplomas (validated by UTopia generated Student Official Transcript report and Student Transcript Workup report),
- GEDs® (validated by UTopia generated Verified GED Status report),
- level gains (validated by UTopia generated Complete Test History report),

- credits earned (validated by UTopia generated Student Official Transcript report and Student Transcript Workup report), and
- proof of residency (validated by UTopia generated Student Proof of Residency report).

(Definitions can be found at the end of this Appendix, Rule R277-733, and the guide.) The samples selected should be representative of the student population in the district's/community-based organization's Adult Education program during the year.

3.3 Each sample should be at least 5% (but need not exceed 20 students) of the program's total enrollment population reflective of students from all of the program's sites. One sample may be used for multiple categories if they are included in the same population. For example, the same sample selected for student information might be used in performing procedures related to contact hours or credits earned.

3.4 The submitted agreed-upon procedures engagement report should validate the program data based upon a comparison of student data files and data entries in UTopia by the district/community-based organization.

For each student selected, verify through a review of student files that the following student information entered into UTopia is valid and complete.

(a) Contact hours:

Match the total instructional and non-instructional contact hours entered into UTopia for each student selected.

- For each student selected, obtain the student's attendance record (instructional and non-instructional contact hours maintained by teachers, counselors, registrars, etc.), recalculate the number of instructional and non-instructional contact hours for the student, and verify that the contact hours agree with the hours as reported in UTopia - (UTopia report-Student Total Contact Hour Detail).
- Validate for each student selected that the record of non-instructional attendance is maintained on a written log for: assessment, Student Occupation and Education Plan (SEOP) development, and counseling activities reflecting the date that the contact was made, the type of activity, the amount of time spent and by whom the contact was made - (UTopia report-Student Total Contact Hour Detail).
- Validate for each student selected that a copy of the assessment protocol "face sheet" (that includes the name of the student, their birthday, date of the test, name of examiner and the student's scores) is maintained in the student's file.

(b) Diplomas:

For each student selected, verify that the diploma issued properly reflects the district's required number of units of credit for graduation.

Match the number of diplomas reported in UTopia using the following criteria

- The record of course credit (as reviewed in the student file) earned while enrolled in the program match the credit entered into UTopia.
- Copies of other agency (school districts, Official GED Score Report, employer verification, military, etc.) documentation used by the program awarding credit from outside entities is entered in UTopia validating credits issued by the program towards diploma count outcomes.
- Match using the above stated credit information to validate the awarding of an adult education secondary diploma. Note: all credit (both earned from within the program and awarded from other sources) must be entered into UTopia. The total number of units of credit is validated in UTopia – Student Official Transcript report and Student Transcript Workup report) must match the number of credits required for graduation from a particular district (as defined on the program's main "home page" in UTopia, documentation of the credits must be maintained in the student's file.

(c) General Education Development (GED) certificates:

For each student selected, verify that the GED was cited on the Student's "SEOP Student Goals and Statuses" Screen reflecting GED obtainment.

- For each student selected, verify that a copy of the student's Official GED Report is found in the student's file.
- UTopia report – Verified GED Status

(d) Level gains:

- For each enrollee file selected, (1) verify that the enrollee has a pre- and post-test, as noted in UTopia. Each test protocol must include the student's name, date of birth, date of test, name of assessor, and the scores obtained.
- UTopia report – Complete Test History

- In review of each selected student file, note that the record of course credit earned while enrolled in the program matches the credit entered into UTopia.
- UTopia report – Student Official Transcript and Student Transcript Workup

(f) Proof of Residency:

For each student selected, verify that Utah residency status has been cited on the student's Demographic Screen.

- In review of each selected student file, note that the required documentation for proof of Utah residency matches what is stated on the student's UTopia demographic screen.

4. REPORTING EXCEPTIONS, ERRORS, OR DISCREPANCIES

4.1 The independent accountant should work with the Adult Education program director to ensure that errors noted during the procedures are corrected in the final reports submitted to the USOE. All errors or differences must be addressed in the written findings.

**Independent Accountant's Report on
Applying Agreed-upon Procedures for the
Utah Report of Adult Education Data**

Board of Education/Board of Directors
Sample School District (District)/Sample Community-Based Organization

We have performed the procedures established by the Utah State Office of Education, as documented in the State of Utah Legal Compliance Audit Guide, Appendix C-6, and enumerated below, which were agreed to by you, solely to assist you in evaluating Sample School District's (District)/Sample Community-Based Organization's compliance with the Utah State Board of Education's Rule R277-733, *Adult Education Programs* and the *Policies and Procedures Guide for the Adult Education Program* for the school year ended June 30, 20XX. Management is responsible for compliance with those requirements and the information reported in the attached Adult Education Summary. This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures that we performed and our findings are summarized as follows:

1. Contact hours:

Sample size: _____

For each student file selected, we obtained the student's attendance record, recalculated the number of instructional and non-instructional contact hours for the student, and verified that the instructional and non-instructional contact hours agree with the hours reported in the UTopia match.

We matched the total instructional and non-instructional contact hours reported in UTopia for each student selected.

No exceptions were found as a result of applying these procedures. ²

2. Diplomas:

Sample size: _____

For each student (enrollee) file selected, we verified that diploma outcomes were properly reported by the number of credits, as required by the diploma issuing program, and that earned and awarded (from sources outside of the adult education program) credits were entered into UTopia.

We matched the total number of diplomas reported in UTopia.

No exceptions were found as a result of applying these procedures. ²

3. General Education Development (GED):

Sample size: _____

For each student (enrollee) file selected, we verified that the GED was properly cited on the student's UTopia "Credit By Student" screen using the most recent "test date" as the passing date found on the "Official GED Report." This passing date can only be found on the "Official GED Report" and not a copy of the GED certificate. NOTE: when reviewing the UTopia credit workup report for the selected student, the successful passing of the GED may be used as a replacement for credit up to 5.0

units. Distribution of credit may only be used as follows: Language Arts = 1.0 if test was taken in English, (if taken in Spanish no credit may be awarded; if the test was taken in English and Spanish then .50 credit may be awarded); Math = 1.0; Science = 1.0; Social Studies = 1.0 (geography and world civilization instructional areas only); and elective 1.0 to 5.0 units of credit depending on whether or not the previously mentioned subject areas were already filled by other credit entries. NOTE: if the test was taken in Spanish, the maximum amount of credit that may be awarded is 4.0. If the test was taken in both English and Spanish, then the maximum amount of credit that can be awarded is 4.50.

We matched the total number of GEDs reported in UTopia.

No exceptions were found as a result of applying these procedures.²

4. Level gains:

Sample size: _____

For each enrollee file selected, we (a) verified that the enrollee has a pre- and post-test, as noted in UTopia.

No exceptions were found as a result of applying these procedures.²

5. Credits earned:

Sample size: _____

For each student selected, we verified that the total number of credits earned in the Adult Education program was properly noted in the student's file and awarded/reported on the student's UTopia Student Official Transcript report and Student Transcript Workup report

We matched the number of earned credits reported in UTopia.

No exceptions were found as a result of applying these procedures.²

6. Proof of Utah Residency:

Sample size: _____

For each student selected, we verified that proof of Utah residency was properly documented in the student's file and matched what was reported on the student's UTopia Student Demographic screen.

We matched the proof of residency documentation with what was reported in UTopia.

No exceptions were found as a result of these procedures.²

We were not engaged to, and did not, conduct an examination, the objective of which would be the expression of an opinion on compliance and on the Utah Report of Adult Education Data of Sample School District/Community-based Organization for the year ended June 30, 20XX. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

¹ For a Community-Based Organization, revise references to School District and Board of Education, as appropriate.

² If exceptions are noted, replace this sentence and describe the findings here or refer to where the findings are reported. The District's/Community-Based Organization's response can be included here or refer to where the response is reported. See Section 4 of this Appendix for further guidance on reporting exceptions, errors, or discrepancies.

³ Paragraph 6.31 of *Government Auditing Standards* covers additional reporting requirements such as (a) reporting practitioner's compliance with generally accepted governmental auditing standards; (b) reporting deficiencies in internal control, fraud, illegal acts, violations of provisions of contracts or grant agreements, and abuse; (c) reporting views of responsible officials; (d) reporting privileged and confidential information; and (e) report issuance and distribution.

Student can work productively in groups. Can use and adapt common software and select appropriate technology to new situations.

Completing a Level. Progressing from one educational functioning level to the next higher educational functioning level. Evidence of completing a level is determined as student’s post-test score exceeds their Entering Functioning Level (EFL). The National Reporting System (NRS) Functioning Level descriptors are used to determine a student’s Functioning Level. If a student’s post-test score exceeds the NRS descriptors range of scores for his/her EFL the student may have met their goal. The student may exit the program or they may remain enrolled and move towards advancing additional levels as their future assessments indicate. Advancement or completing a level can only be determined by the student’s post-test scores.

Completing a Level and Advancing One or More Levels. Includes completing a level (see Entering Functioning Level for the baseline to gauge advancement). After a level is completed, a continuing student may advance multiple levels. It is necessary to remember that Completing a Level is based on the student’s lowest level for reporting purposes. If a student’s post-test score (using a different form of the same standardized test used for the pre-test to establish the EFL and after an additional 60 - 100 hours of instruction) exceed the NRS descriptors range of scores the student has then completed another level.

Concurrent Program: this occurs when a student is enrolled in more than one program at any point in time. The concurrent program can only manage credits contact hours earned in that program.

Contact Hour. Hours of non-instruction include: counseling SEOP development hours, assessment time. Instructional contact hours include: tutoring/teaching under the supervision of a school district employee or community-based organization employee designed to promote student learning in the program curriculum. Contact hours are reported in the learners entering functioning level regardless of area of instruction.

Hours that CAN be counted:

- * Instructional hours in all ABE.
- * AHSC and ESOL classes designed to advance a student's functioning level.
- * Program-sponsored tutoring or participation in a learning lab.
- * Distance Learning courses-contact hours reported based upon program's grant (distance learning) narrative.

Hours that CANNOT be counted:

- * Homework completed outside of class.
- * Community education classes such as parenting and computer literacy.
- * Time spent in GED examinations.
- * Distance learning including: electronic high school courses or other courses not taken under the direct supervision of an adult education instructor.

English for Speakers of Other Languages (ESOL): non-English speakers who lack competence and language acquisition in any or one of the following: reading, writing, speaking, problem solving or listening.

ESOL includes the following:

ESOL 1 (Beginning ESOL Literacy): student who cannot speak or understand English, has no or minimal reading or writing skills in any language. Student functions minimally or not at all in English and communicates only through gestures or a few isolated words. Student may have no knowledge or use of computers.

ESOL 2 (Low Beginning ESOL): student can understand basic greetings, simple phrases and commands. Student can understand simple questions related to personal information, read numbers, letters and some common sight words, can read and write some familiar words and phrases, can write basic personal information. Student can function with difficulty in social situations and situations related to immediate needs. Student may have limited knowledge and experience with computers.

ESOL 3 (High Beginning ESOL): student can understand common words, simple phrases and sentences containing familiar vocabulary, can read most sight words and many other common words, can read familiar phrases and simple sentences. Student can function in some situations related to immediate needs and in familiar social situations. Student may have limited knowledge and experience with computers.

ESOL 4 (Low Intermediate ESOL): student expresses basic survival needs and with some difficulty participates in some routine social conversations, reads simple material on familiar subjects, can write simple notes and messages on familiar situations, can interpret simple directions, schedules, signs, maps etc, and can complete simple forms. Student may be able to use computer programs and can perform a sequence of routine tasks given directions.

ESOL 5 (High Intermediate ESOL): student can participate in conversations in familiar social situations but may need some assistance in clarifying, can read text on familiar subjects that have a simple and clear underlying structure, can write simple paragraphs, can meet basic survival and social demands and can follow simple oral and written instructions, has some ability to communicate on the telephone on familiar subjects. Student can work with or learn basic computer software.

ESOL 6 (Advanced ESOL): student can understand and communicate in a variety of contexts related to daily life and work, can understand and participate in conversations on a variety of everyday subjects including some unfamiliar vocabulary, can read moderately complex text related to life roles and descriptions and narratives from authentic materials on familiar subjects, can function independently to meet most survival needs and to use English in routine social and work situations. Student can use common software, learn new basic applications and select correct basic technology in familiar situations.

Enrollee: an adult education student who completes twelve or more contact hours (inclusive of instructional and non-instructional), has a pre-test that establishes an Entering Functioning Level and a Student Education Occupation Plan (SEOP) that includes a defined short and/or long term core goal during a fiscal year.

Entering Functioning Levels (or Functioning Level) – per NRS guidelines (EFL). Student is assigned an EFL for reporting purposes during a fiscal year. An EFL is determined by scale scores obtained from a standardized test. A student's scale score in their lowest area of instruction i.e. math, writing, reading determines a student's EFL for Utah reporting purposes and is the baseline upon which advancement to higher NRS levels is used. (See NRS functioning levels for ESOL, ABE, and AHSC).

Exiting the Program/Exit Date/Separation Date. Date when the student last attends a program through 'drop out' and/or completion of goal(s) and has not received instruction for 90 days.

Funding Formula: Adult education funds are distributed to school districts according to the following funding categories:

- Base amount - 7 percent of appropriation distributed equally to each district with USOE-approved plan.
- Enrollees as defined by in R277-733-1L - 25 percent of appropriation.
- Supplemental support, to be distributed to school districts for special program needs or professional development as determined by written request and USOE evaluation of need and approval - 2 percent or balance of appropriation whichever is smaller.
- Student participation, total number of contact hours (including instructional and non-instructional as documented) - 16 percent of appropriation.
- Measurable outcomes, as defined in R277-733-10. Funds shall be distributed from the remaining 50 percent of the allocation among measurable outcomes as follows:
 - (a) number of high school diplomas awarded - 30 percent of the total funds available;

- (b) number of General Education Development (GED) certificates awarded - 25 percent of the total funds available;
- (c) number of level gains: English for Speakers of Other Languages (ESOL) levels 1-6 and Adult Basic Education (ABE) competency levels 1-4, and Adult High School Completion (AHSC) levels 1-2 - 30 percent of the total funds available;
- (d) number of high school credits by students - 15 percent of the total funds available.

Level Gain. When a student enters the program for the first time in a fiscal year he is assessed and receives a pre-test score. The student's lowest "academic" level is his entering functioning level for the fiscal year. The student must be post-tested to determine a level gain. Post-testing may occur after 60 hours of instructional contact hours or after a minimum of 40 instructional contact hours if the student is known to be exiting the program.

Managing Program. Program in control of all of the student's data and outcomes associated with the student.

Participant. A student who has less than twelve total contact hours in a fiscal/program year, does not have a pre-test, or does not have a completed SEOP that includes the establishment of at least one core goal in the managing program.
